Maintenance Packages and Services 2023

Maintenance Plan A - \$525

This is our premium plan. It includes our 30 point spring startup inspection, as well as a winterization service for your irrigation system. It also includes three service calls during the season to make your sure your Irrigation system is operating correctly all season round.

Maintenance Plan B – \$375

This is our most common plan. It includes our 30 point spring startup inspection as well as a winterization of the irrigation system. It also includes one free service call during the hot summer season to adjust timing and check all equipment.

Maintenance Plan C – \$250

This plan is our basic plan. It includes only our 30 point spring startup inspection as well as a winterization service.

Monthly Maintenance Plan - Varies

This plan provides a monthly routine checkup of the site. This plan is to keep your system running at optimal performance all summer long. Please call for a custom quote of the property.
